

MasterPeace Productions Commitment Contract

Congratulations on getting a part in our upcoming show! We are all here to produce excellence in theatre. MasterPeace Productions wants to make sure children and parents understand the expectations we have for you. Please read the following list and sign below. Thank you so much.

We, _____ (child) and _____ (parent) agree to the following commitments for the upcoming production of Cheaper by the Dozen.

1. I understand it is important to **respect** my fellow cast members and crew – I will do this by remaining well-behaved and always listening to my directors during this process.
2. I understand it is **very important** to attend all rehearsals I am called to. If I am going to **miss** or **be late** for rehearsal for any reason, I must notify the stage manager as soon as possible.
3. If I miss a rehearsal, I need to ask one of the directors for my stage directions at the next rehearsal. (I can come 10-15 minutes early to review what I missed if I arrange this with one of the directors first.)
4. **All lines must be memorized by the deadline given.** I should not be using my script to perform scenes at rehearsals by the deadline.
5. I need to **bring my script** to every rehearsal (even after the deadline) and take stage direction notes in every scene that I am in.
6. I need to **practice my scenes** and blocking with a parent at home regularly so they are memorized by the next rehearsal. *parents read all lines except mine.
7. If I am having problems memorizing my lines or with blocking, I need to mark them in my script so I can **ask** someone in the directing team to work on them with me at the next rehearsal.
8. If I have any questions or concerns, I can always e-mail or call one of the directors before rehearsal that week so there is enough time to handle any situation or concern.
9. As a parent of a child in the cast I may be required to attend some rehearsals to assist the cast. I understand I will be given the chance to watch the performance in its entirety at least once.

We agree to the above commitments for the upcoming production, we understand that if all portions of this contract are not fulfilled, the consequence could be that the part might be given to someone else.
